Dear Attorney

Commissioner Goldberg has asked me to respond to your letter of September 24, 1993, regarding your client's difficulty in changing her gender designation on her motor vehicle operator's license.

I have advised our Branch Operations Division that a letter from a health care provider attesting that the applicant is in active treatment and is living full time according to the requirements mandated by the Standards of Care for Sexual Reassignment is sufficient documentation to effect the license change your client desires. This information will be forwarded to our branch offices via memorandum from this office, thereby eliminating any obstacles your client or any other individuals might have in the future.

If you have any further questions or concerns, please contact my office directly at 566-3300.

Sincerely,

A handwritten signature in cursive script that reads "John Yacavone".

John Yacavone Chief, Legal Services Division
